The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

was a stream of floral beauty. The passerby, unaware of the opening, would readily have concluded that there was a flower show therein.

Glenn S. Ritchie received many compliments for the artistic window decorations, than which none more clever were seen in the city, and he truly deserves them, as the work was the creation of one of the greatest window artists.

It is needless to state that the program of music played by the famous Cadenza orchestra under the direction of Emil Raspallaire measured up fully to the big occasion.

Messrs. Millrens, owners of the store, congratulated themselves into the hearts of many a Clarksburger at the great opening and they staff in business here with the sincere wish of all the many who were their guests on this occasion that the new store may be from its very beginning, one of the leading mercantile factors of the business life of Clarksburg, a wish doubtless to be materialized at once, as the firm is an enterprising, experienced one, eager to serve the people right and to do its full part in the development of the city.

C. C. Davis, of Flatwoods, is here on a business visit.
